

(C) Remarks

Claims 12-15 are amended so that they are now correctly dependent on claim 11.

In response to the restriction requirement under 35 USC 121, Applicants elect the invention of Group I, claims 11-15. However, Applicants request reconsideration and withdrawal of the restriction requirement because the inventions are related the Examiner has not established that examining both groups of claims together in the same application would result in an undue burden. MPEP §803 & 802.02.

Entry of this amendment and response, reconsideration of the restriction requirement and allowance of the claims are requested.

Respectfully submitted,
